Oranienbaum Palace will be hosting an exhibition of contemporary Dutch Design and fashion in combination with historical artefacts from the Dutch Royal Archives. Built for Henriette Catharina, Princess of Anhalt-Dessau, Oranienbaum is part of the heritage of the House of Orange-Nassau.

Excellent craft at the court...

Some 50 rooms in the palace feature examples of contemporary excellence in craftsmanship – furniture, jewellery, glass and ceramics, hand-sewn fashion items and accessories – set off with examples of china and other decorative arts.

Care has been taken to reflect the original function of each room.
